

# The Future of School Bus Administration in Victoria

A new online School Bus Management System for the School Bus Program

# School Bus Program

- Policy determines eligibility
- Transport for 65,000 Rural / Regional Victorian Students
- 320 school bus networks
- 1454 school bus routes
- 420 contractors
- More than \$210M per annum

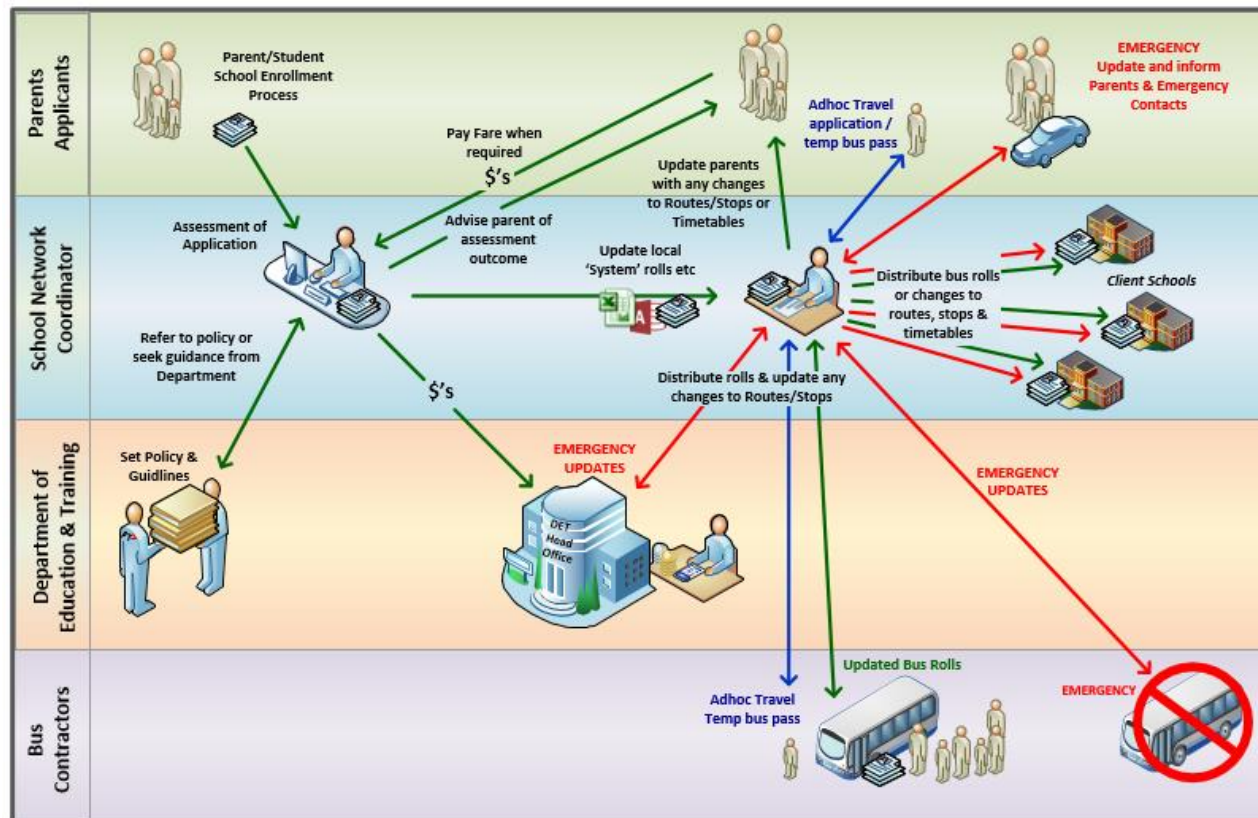

# Why introduce a new online School Bus Management System

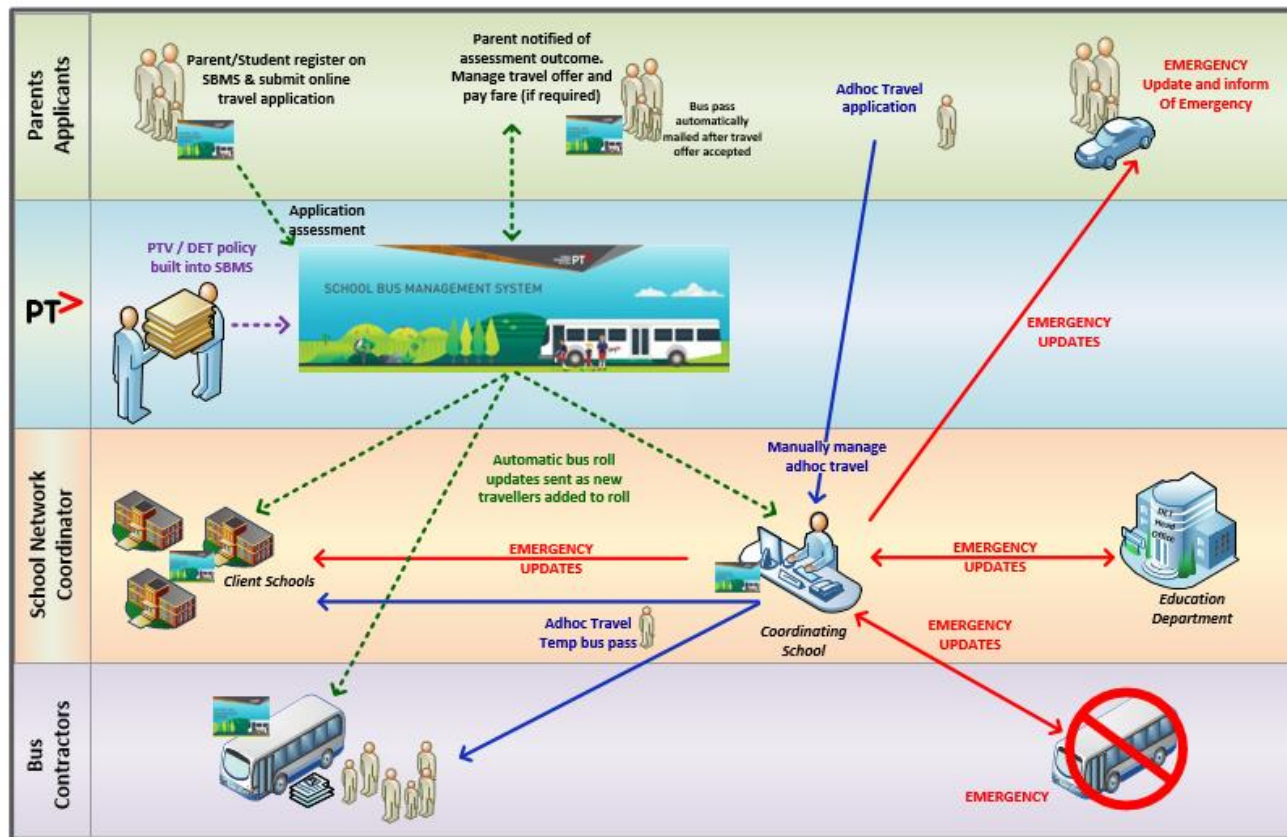

- Streamlined / consistent approach
- Better Policy Compliance
- Improved equity in the treatment of students across networks
- Reduction in fare evasion
- Reduced administrative effort at schools
- Asset optimisation
- Improved reporting for emergency management
